

Curriculum Map 2021/2022

Year 11 PSHCE

We are the 'rich soil in which seeds flourish and roots grow'. Therefore, our PSHCE curriculum at St Mary's is designed so pupils develop the knowledge, skills and attributes they need to keep themselves healthy and safe, and prepared for life and work after leaving school. It is designed to have an impact on both academic and non-academic outcomes for pupils, allowing all our students the chance to flourish and grow in all aspects of life. Our vision for PSHCE lessons are that they enable students to make informed life choices outside of the classroom when in their local communities.

Our programme of study aims to develop skills and attributes such as resilience, self-esteem, risk-management, team working and critical thinking in the context of four core themes: Living in the wider world, Relationships and sex education, Citizenship and British values and physical and mental wellbeing. Our curriculum takes our students on a journey building on previous lessons as they move through Key Stage 3 and into Key Stage 4. Key Stage 3 pupils receive one hour per week timetabled PSHCE lesson and KS4 PSHCE is taught through a 20 minute session in tutorial time each week.

Term	Autumn Term 1	Autumn Term 2	Spring Term 1	Spring Term 2	Summer Term 1
