

BCW Schools Partnership

Providing family support to schools in the Borough of Broxbourne for children aged 5-19 years

We offer home visits, one to one meetings and opportunities for parents to off load and find solutions to normal issues we face as a family. Our trained staff assess your needs and offer support, recognising that no two families are the same.

We work with a range of partners and agencies to support you and your child to get the best out of family life. All our work is free of charge to families and covers:

- A range of parenting support sessions
- Understanding and managing behaviour
- Budgeting/finances
- Housing
- Support for your child with issues including managing anger, anxiety and keeping themselves safe
- Healthy lifestyles
- Attendance Issues

Parenting is tough there is no such thing as a “perfect parent” we all learn as we go.....

We all benefit from a helping hand and someone to talk to.....

Whatever your concern or query, please contact the Family Support team for more information
