

St Mary's CE High School Curriculum Map 2022-23

Subject: English Year: 8

Our curriculum is based on three pillars of language learning knowledge that research indicates are fundamental to progress for beginner language learners in a classroom setting: phonics, vocabulary and grammar. Within this approach, students develop understanding skills (listening and reading) and productive skills (speaking and writing) through carefully structured and supported resources. Students then progress to build freer production in which they recall and manipulate a wider range of language.
