"The Parent Perspective" is an exciting podcast series for parents and carers, helping you to support your children with careers advice and guidance. Series 2 is bigger and better than ever, led by the brilliant new host, Rachel Burden!

Together with Not Going to Uni, they want to make sure that they are supporting parents to feel informed and confident in providing careers support and guidance to their child, so that they ultimately make the best decisions for them.

Through the podcast Rachel and guests offer a fun and informative space for listeners to:

- Explore which careers are available today
- Showcase the experiences of interesting and diverse role models
- Provide real-time insights into how the world of work is changing

Each episode Rachel speaks to a diverse mix of parents, bringing their burning questions to expert speakers from the careers world. Together they uncover practical solutions and informative answers, to help you and your child make informed decisions on those all important next steps.

It is important that parents/students visit the registration page and click 'join event'. You will be asked to register with Hopin,

Are You A Student Aged 16-18 Who Wants to Learn More About Agriculture?

Food production is a multi-billion-pound sector, yet it's one of the least diverse industries in the UK.

The New Faces for Farming initiative, founded by Writtle University College in Essex and Black Farmer brand creator Wilfred Emmanuel-Jones, aims to change this. The campaign's first step is an activity-packed residential weekend from 31 March - 2 April 2023, where the farmers of the future will get a taste of farm life and receive industry career advice from guest speakers

Their 'New Faces for Farming' is a fully expensed, residential camp open to young people aged 16-18 who reside in the UK and who are in Year 12 or 13. The all-expenses paid residential weekend will be held at the University College's countryside campus, near Chelmsford in Essex from March 31st to April 2nd and will offer teenagers a taste of farm life and provide opportunities to think about a career in this sector.

The programme includes activities on our working farm as well as informal discussions, career information and university application guidance. Meet new people who share your passion for farming and be ready for fun-filled social activities both on and off our campus.

For further information visit the website:

<https://writtle.ac.uk/new-faces-for-farming>

Writtle University College's next Open Days and Webinars are:

College Course Open Day: Saturday 15th October, Saturday 26th November

College Course Webinar: Monday 31st October, 6-6.45pm

University Course Open Day: Saturday 8th October, Wednesday 26th October

Virtual Work Experience Sunday 6th November

With the UCAS deadline for NHS Health Careers in January, students considering a career in allied healthcare need to gain as much work experience as possible. Students can register for November's session using this link: <https://alliedhealthmentor.org/product/live-virtual-work-experience-programme/>

This programme is suitable for students in years 10-13 who are interested in the following careers:

- Nursing
- Midwifery
- Paramedicine
- Physiotherapy
- Occupational Therapy
- Radiography
- Prosthetics and Orthotics
- Speech and Language Therapy
- Pharmacy

Students are awarded a Work Experience Certificate for every session they complete. Those who complete the full 5-month programme will be awarded a Highly Commended Reference from the Presidents of Allied Healthcare Mentor. These are fantastic additions to their CVs and UCAS applications!

Is prison an effective form of punishment? Wednesday 26 October 2022, 4-5pm, (online)

What does a prison sentence consist of? How do we measure their effectiveness? Their expert tutor will cover a history of prisons and prison statistics, what happens in prison and what it offers. They'll critically assess the strengths and weaknesses of the prison system and debate criminological arguments for and against a prison sentence as a punishment.

This event is part of the **Real World Lecture** series where you can have your say on the Real World Questions being asked in Business, Law and Psychology today. Together they question systems, procedures and behaviours and are not afraid to challenge convention.

Residential Insight into University

Summer Schools 2023

Insight into University

Insight into University residential courses are summer schools run over 4 or 5 days where students get a taster of university life and an insight into a specific STEM subject. Students will get the opportunity to experience university style lectures and work on activities and group projects with the support of academics and student mentors. Students will stay in halls of residence and will take part in social activities in the evenings. These courses are for Year 12 students and are a great way to try out a STEM subject at university before applying. This allows students to make a better-informed decision for their UCAS application, as well as meeting like-minded students from all over the UK. These summer schools are run for small groups (on average 30 students) and so places are limited. Applications open on the 3rd of October 2022 and will close on the 3rd of January 2023.

Residential Insight into University courses are Industrial Cadets accredited summer schools which can help you decide which degree course might be right for you and also enhance your UCAS application.

Courses running in summer 2023:

Maths at Lancaster, Mechanical Engineering at UCL, Life Sciences at Warwick, Materials Science at Oxford, Robotics at Liverpool, Broad-based Engineering at Sheffield, Materials Science at Cambridge, Aerospace Engineering at Liverpool

For dates, cost, requirements, content of each course and the application form, please click [here](#).

YOUNG PROFESSIONALS

Routes into Law with Charles Russell Speechlys

Are you interested in law? Would you like to learn more about the various pathways into the industry?

On Tuesday 11th October from 5:00pm - 6:00pm Young Professionals are hosting an online event with international law firm Charles Russell Speechlys. Charles Russell Speechlys are a top 30 law firm headquartered in London with offices across the UK, Europe, Asia and the Middle East with revenues of £120 million.

YP's know how rare Solicitor Apprenticeships are as well as Mentoring and Work Experience placements within the legal profession. This is your chance to hear from global law firm Charles Russell Speechlys and discover how you can join their exciting school leaver programs open to Y12 & Y13 students across the U.K.

You will get some incredible insights from top lawyers at the firm, take part in some fantastic workshops and get a really great understanding of the alternative routes into the legal profession.

This gives students just like you such a leg up into the industry straight from school with no university debt, a salary from day one and you become a fully qualified solicitor!

YOUNG PROFESSIONALS

A Career in the World of Business and Finance Wednesday 12th October from 5:00pm - 7:00pm

CIMA will be hosting an online insight event and will be bringing with them a number of senior finance professionals from global technology giants IBM, world-leading infrastructure and engineering firm Amey and Network Rail, who are the owner and manager of the vast majority of Britain's railway network.

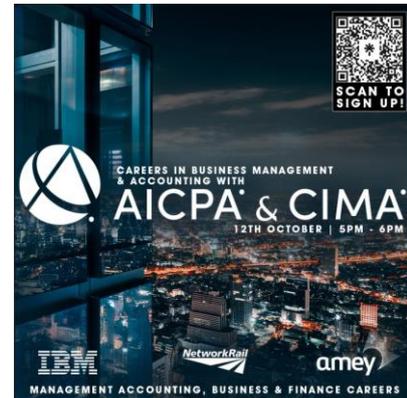

So what is a Management Accountant?

Officially, management accountants help businesses all over the world manage their finances. But in reality, there's so much more to it than that. They are business leaders. Innovators. Decision makers. Forecasters. There's no one industry or role that they work in: you'll find management accountants in all kinds of companies, public and private, big and small.

Day to day, they interpret financial data, prepare reports and use business knowledge to help management make decisions. They'll always be looking to the future and figuring out ways to improve things for the company.

If you'd like to register for this exclusive online event and hear from senior financial figures at world-leading companies, please click on the registration link below.

Registration Link:

HERTFORDSHIRE OPPORTUNITIES PORTAL

Virtual Employer Encounters

Thursday 13th October 2022 (4:30pm)
Careers in Hertfordshire Fire and Rescue Service

Hertfordshire Fire Service offers many exciting career opportunities. This webinar will enable you to find out about the day in the life of a Hertfordshire Fire Fighter who will share his experiences and discuss the recruitment process through an innovative apprenticeship scheme.

Meet your panellist - James Bull

I have been in the Fire Service around 22 years now starting as a Firefighter and working my way up to my current rank of Station Commander. Over the years, I have served at several frontline stations around the county including Hertford, Stevenage, Hitchin, Baldock and Borehamwood; and attended hundreds of high-profile incidents. As I began to get promoted, I worked within various departments and functions including Head of BA and Fire Behaviour at our training school for 6 years, Head of Operational Assurance and now as a District Fire Safety Manager for our Fire Protection department.

All webinars will also be recorded and made available to view via www.hopinto.co.uk

Careers in Interior Design
Now on Demand

Interior designers make indoor spaces functional, safe, and beautiful by determining space requirements and selecting essential and decorative items, such as colours, lighting, and materials. They must be able to draw, read, and edit blueprints.

Perhaps you are naturally creative and maybe you enjoy rearranging space and furniture at home? Interior Design is a wonderful career for creative people with an eye for detail. In this webinar you will hear from an experienced Interior Designer, Kailee Lane, who works for an Interior Design company based in Hatfield. She will talk you through her own career, what an average day looks like and what she most enjoys about her role.

Kailee studied Interior Design at The University of Bournemouth and now has 15 years-experience working within a variety of Interior Design roles. She currently works for Woodhouse Workspace based in Hatfield

To watch on demand please visit the **HOP** website

With so many ways to enter a career in construction, it can be difficult to know where to start! Go Construct have put together some information on the main routes into the industry, to help you figure out which is right for you

- Apprenticeships
- Work experience
- College courses
- University degrees
- Traineeships
- T-Levels

<https://www.goconstruct.org/get-started-in-construction/>

Are you considering a career in construction?

The construction Industry opens a world of roles for you to consider, from bricklaying, carpentry, scaffolding or even plant mechanic.

There are 100s of trades available with apprenticeships to enable you to train whilst you earn, with the prospect to gain permanent employment once you qualify. So what do you need to do?

- Decide on the apprenticeship right for you?**
Scaffolding/ access, plant, drylining, groundworker and many more from NCC
- Find an employer to pay you whilst you learn**
Search talentview.org/construction or contact local companies near you to see if they are taking on apprentices
- Once you find an employer**
Apply for training with NCC or if you need more information email ncc.standards@citb.co.uk
- CITB will take you through the enrolment process and co-ordinate your training**

The construction industry is booming and there are many opportunities to start a lifetime career. Whether you want to work locally or all over the world, work for a large house building company or run your own business. You can gain the skills to help you achieve your goals.

School & College Leaver Apprenticeship Programme Core Tax, London (ATT), Autumn 2023

PwC's Core Tax programme will see you rotate across their Direct, and Indirect Tax teams in the first two years of your PwC journey, before aligning to a particular part of their Tax practice in your third year.

In Direct Tax you'll help clients manage their tax risk and comply with complex legislation. Their clients are wide ranging: from FTSE 100 companies and global organisations, to budding entrepreneurs, high-net worth individuals and family businesses.

As part of their Indirect Tax practice, you could be involved in everything from advising clients on the VAT implications of their UK activities, to a global project looking at the clients' supply chain. Or considering the impact of case law developments, to advising on a merger or acquisition.

Programme

A position on their School and College Leaver programme is one of the best ways to kickstart your career with PwC. All of their School and College Leaver programmes are designed to help you develop your business skills through real client work, while also completing formal training and studying towards qualifications to give you a head start in your career. PwC will provide you with support all the way. You'll earn a competitive salary, benefit from their excellent support networks and have the opportunity to continually progress your career. Just like their graduate joiners, you'll work on varied and challenging client and internal projects, which make a real difference to the world of business. You'll be coached by their people, who are experts in their field, and at the same time, thanks to their study support, you won't need to worry about paying for course and exam fees, textbooks or revision materials.

What you'll gain

ATT. You'll enjoy plenty of practical, on-the-job training while studying for a professional qualification with the ATT (Association of Tax Technicians) as a core part of your programme, which is a nationally recognised qualification.

What you'll need

Minimum requirements are 96 UCAS points for the ATT pathway or 112 UCAS points for the CFAB pathway from up to three full A-Levels (or equivalent), and a Grade 4 or above in GCSE English Language and Mathematics.

Click [here](#) to apply

Deloitte.

Start your professional career with a global business now and bypass university. On Deloitte's BrightStart programme, you'll get paid to learn and progress, gain real-world experience and make a unique impact from day one.

Clever and curious people thrive on their BrightStart Apprenticeships. It's a rewarding leap into the world of professional services that lets you earn while you learn. You can even gain degree-level and professional qualifications. Getting stuck in from the start, you'll help to solve some of their clients' most complex challenges and build a brilliant career for yourself with a business that's making an impact worldwide.

Once your apprenticeship is completed, you'll get to forge a career with Deloitte in the area that interests you most.

This isn't just a training programme, you'll get a permanent job and recognised professional qualifications. You'll get on-the-job experience from day one, with fast progression on a structured career path. With Deloitte you can enjoy an agile working environment, plenty of training opportunities, an active social life and the chance to join our diversity networks.

Depending on the business area you join, it takes between 15 months and four years to complete your apprenticeship. Once you've done this, you'll be leading your own projects, managing your own teams, and developing your career in whichever direction interests you most.

Deloitte have apprenticeships in the following areas:

- Audit and Assurance
- Business and Financial Advisory
- Cyber
- Consulting
- Legal
- Governance, Risk and Regulation
- Tax Consulting
- Technology

Entry Requirements

104 UCAS points
GCSE maths grade 5 & GCSE English grade 4

<https://www2.deloitte.com/uk/en/pages/careers/articles/early-careers-programmes.html>

Mishcon de Reya

Solicitor Apprenticeship 2023

The Mishcon Solicitor Apprenticeship is a six-year programme. You will gain an LLB (Hons) in Legal Practice from The University of Law and at the end of the programme you will qualify as a solicitor. All of your tuition fees will be paid and best of all, you will earn a salary whilst you are training and gaining your qualification.

Annual wage

£24,000.00

You will be entitled to flexible employee benefits including: Private medical care; £350 wellbeing fund; income protection; life assurance; employee assistance programme; give as you earn scheme; cycle to work scheme; travel season ticket loan.

What will the apprentice be doing?

Responsibilities will vary dependent on each rotation and will increase and evolve as you progress through the programme. They may include:

- Assisting lawyers with cases with close supervision
- Communication with clients and attending client meetings
- Drafting correspondence and reports
- Answering phones and preparing files
- Drafting invoices
- Attending training sessions, both departmental and those put on by our in-house Academy

What training will the apprentice take and what qualification will the apprentice get at the end?

Throughout the six years you will be working for four days per week and spend one day studying with The University of Law. Tuition will be through a mixture of virtual webinars and on-campus seminars. By the end of the 6-year programme you will have gained a law degree (LLB) and completed both Solicitors Qualifying Exams (SQE)

Qualifications

GCSE English & Maths (Grade 4) Essential
A Level or equivalent any subjects (Grade BBB) Desired

Apprenticeship standard

Solicitor: Level 7 (Master's degree)
