

### Year 11 Destination Data 2022

We were very proud of our Year 11 Students in the 2022 summer exams. They achieved well, against the back drop of disruption to their education due to covid, in Year 9 and Year 10 and were awarded some excellent results. Many stayed on to our own 6<sup>th</sup> form, whilst others pursued their interests through apprenticeships or college.

We have an excellent record of results in the 6<sup>th</sup> form and we know these students will do really well in two years' time.

Nicholas Simms, Headteacher
