Year 9 Art

The Art department aims to promote an awareness of the visual language as a means of communication. With this, students can develop their imagination and creative expression to communicate and understand their thoughts and concepts of the world they live in. Curiosity is developed through the exploration of subject, materials and techniques. Our aim is to provide an exceptional learning experience through a curriculum that engages, empowers and encourages students to reach their highest potential in the area of art.

The Super Curriculum	<ul style="list-style-type: none">• There is an expectation for students to become proficient at communicating using all of the Formal Elements; exploiting the Visual Language to create engaging and stimulating artwork responding to the world around them. The visual language can be read by all ages and abilities.• Our students are encouraged to express themselves visually and to become reflective thinkers, making their own creative responses to the world around them.• Visits to galleries allow students to experience real life artwork; observing and connecting with the artists' messages and thoughts. Students are taught how to analyse, research and give opinion independently, reading the work using their visual language.• Students are encouraged to engage with monthly art magazine subscriptions to allow them insight into the current art world around them.
