

New Free Webinar Series for Students & Parents

Investin are excited to announce the launch of a brand-new event series, 'In Conversation', inviting you to submit questions to experienced industry professionals.

Professionals will share their experiences, provide insight into potential career paths and offer tips and guidance to students while answering their questions in a live Q&A-style webinar.

This is an excellent opportunity for students to gain real-world insight directly from professionals and better understand what it's like to work in different industries.

The events are suitable for all students in years 10–13, whether they are just starting to think about their future or are actively preparing applications.

Creative Design: In Conversation with Billie Sky Walker – 17th Nov

Psychology: In Conversation with Vicky McKechnie – 17th Nov

Law: In Conversation with Sophy Lelliott – 18th Nov

Investment Banking: In Conversation with Rob Angel – 18th Nov

SpringPod Work Experience Sprints – Financial Analyst

Sprints are short online courses that allow you to complete a realistic task from an industry you're interested in. After receiving a brief from an industry expert and the resources you need, you'll upload your work and receive access to a debrief and model answer. Sprints can take anywhere from 30-90 minutes. This is because Sprints reflect real-world workplace tasks, which might be quicker or more time-consuming.

Rolls-Royce: Financial Analyst

Finance at Rolls-Royce is about powering our global operations, making strategic investment decisions, and ensuring our long-term financial health and stability. In this free virtual experience, you will explore the analytical world of corporate finance, gain essential financial skills, and see if this strategic field could be the right path for you.

This virtual experience gives you a behind-the-scenes look at the Finance function and the diverse careers it offers across our international businesses. You will take part in interactive activities, hear from real Rolls-Royce Finance professionals, and finish with a certificate you can add to your CV or LinkedIn. Whether you are curious about financial planning, risk analysis, or performance reporting, this is your chance to explore what a career in Finance truly means.

Bookkeeping with AAT

In this Sprint with AAT, you'll take on the role of an Accounts Assistant working for a fictional company called Purr-Fect Pets. Your task is to create an invoice for a transaction, ensuring it includes all necessary details like customer information, item descriptions, amounts, trade discount and VAT.

What's Included

This Sprint is a way for you to carry out a real-world task and will give you a taste of what a future career with AAT could look like.

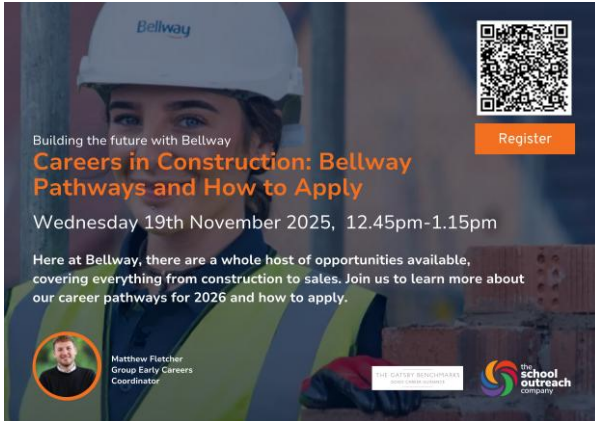

You'll learn more about the role of an **Accounts Assistant**, along with an insight into the important role of bookkeeping in ensuring businesses get paid on time, keeping financial records accurate, and helping businesses comply with tax laws and regulations. You'll hear from your mentor, a bookkeeper and AAT tutor, who'll provide you with the context you need to try out this task for yourself.

You'll learn from your AAT mentor through videos and compare your work with their model answers to refine your abilities even further.

Register for this sprint [here](#)

Access Programmes for Year 12 Students | Balliol College

Balliol offers a selection of year-long academic programmes: Floreat, Frontier and Fibonacci. The courses are open to Year 12 students from state schools across the UK, and start in the Spring Term. Floreat focuses on Humanities subjects, Frontier on the Life Sciences and Fibonacci on Mathematics (and related fields). Each programme is designed to academically challenge and stimulate those who are interested in applying to competitive universities.

Successful applicants will be expected to attend a series of online seminars (5.00pm-7.00pm), an Oxbridge admissions talk and a two-night residential stay in August.

Applications for all three courses are now open. If you are interested in applying, you will need to fill out and submit the relevant form. Application deadline is Sunday 14th December 2025

Green Careers

The Green Buzz is designed to help young people explore green careers that match their personality strengths. Created by David Hodgson, with National Careers Week The Green Buzz Quiz builds on the success of The Buzz to help learners understand their unique aptitudes, attributes, and preferences. It's based on the type theory of personality developed by psychologist Carl Jung. Learners self-identify preferences across four different parts of their personality — there are no wrong answers! It's not a test, but a way to:

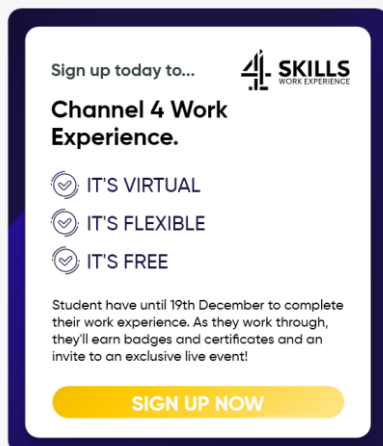

- Build self-awareness
- Start conversations with teachers, advisers, or family about future options
- Make more informed choices about learning and work

Just like we tend to perform better using our dominant hand, we also tend to enjoy and excel at tasks that play to our natural personality strengths. In the **Green Buzz Quiz**, learners: Discover green careers and skills that align with their strengths

Government Economic Service and Social Research Department Tuesday, 18th November (5pm - 6pm)

Ready to tackle the big questions that shape the country's future? Join for an exclusive virtual insight event with the UK's Government Economic Service and Social Research Department and discover the exciting apprenticeship career opportunities available in the heart of government.

The UK government's economic and social research professionals provide recommendations to policymakers so they can make the best decisions. This event is a must-attend for Year 12, Year 13, and gap-year students who want to explore a career in economics or social research while earning a salary through an apprenticeship.

Why Attend?

- Explore Apprenticeships in the UK Government – Learn about opportunities in economics and social research.
- Discover the Government Economics Service Degree Apprenticeship Programme (GES DAP) and the Government Social Research Degree Apprenticeship Programme (GSR DAP) – A unique opportunity to earn a degree in economics or social research while working in government.
- Gain Insider Insights – Hear directly from government economists and social researchers about their work and career journeys.
- Live Q&A Session – Ask your questions to the Government Economic and Social Research Team.

Why the UK Government Economic and Social Research Professions?

They are the heart of government decision-making, informing policies that impact businesses, individuals, and the economy. As an apprentice, you'll gain hands-on experience, work on real government projects, and develop skills that will set you up for a successful career in government.

If you're considering a career in economics, research, or government, this event will provide you with the knowledge and opportunities to apply for a degree apprenticeship.

Early booking is recommended as places are limited.

Target Law

The Target Law Mentoring Scheme is a programme for Year 12 students from disadvantaged groups in non-selective state schools with the aspiration to enter a top law school. Applications are now open. The deadline to apply is 28th November

About Target Law

The Target Law programme is designed for students from non-selective state schools within Greater London who meet selected eligibility criteria. Target Law is a programme for Year 12 students from underrepresented backgrounds with the potential and aspiration to enter a top law school which takes place across the two academic years prior to entering University. The scheme takes places over two academic years, starting from January in Year 12 and supporting participants through the entire UCAS application process. Participants will take part in ten mentoring sessions and have the opportunity to attend additional events at UCL Laws.

Mentoring Sessions

Each session is designed to help participants prepare for and become a competitive candidate for top law schools. Mentoring sessions include information and support on:

- Preparing your application to Law school.
- Personal Statements
- LNAT preparation and practise
- Court Visit
- Sample lectures

Students will also get feedback from mentors on submitted written work in order to properly prepare for the application process. Apply [here](#)
